

Dr. Krishna joins Psych Associates of Maryland after spending more than ten (10) years as a physician researcher in the field of neuro-science, he boasts an extensive publication list, and an impressive resume of original scientific findings. Dr. Krishna completed his postdoctoral program at the University of Maryland School of Medicine, Maryland Psychiatric Research Center in Baltimore, Maryland continuing on through the University of Maryland/Sheppard Pratt Psychiatry Residency Training Program research track. Dr. Krishna is board certification by the American Board of Psychiatry and Neurology. He subsequently joined the University of Maryland Baltimore as an Assistant Professor of Psychiatry at the University of Maryland, School of Medicine. He worked in the Adult Inpatient Division, Psychiatric Emergency Service Center, conducting in-depth evaluation and treatment of a broad range of psychiatric disorders and coordinating patient care through the available multidisciplinary team, which includes psychologists, nurses, occupational/physical therapists, social workers and case managers. He also teaches and supervises residents, medical students, nursing students, psychology students and graduate research students. Since joining the Psych Associates of Maryland he no longer works in the Adult Inpatient Division but he continues to work at the Psychiatric Emergency Service. In addition to his work as a clinician, he conducts research in psychiatry and neuroscience with expertise in genetics, electroencephalogram (EEG), schizophrenia, psychotic disorders, suicide and cranial electric stimulation. For his pioneering research, clinical expertise, and teaching excellence, he has received a number of awards from the University of Maryland, including: the Nursing Excellence Award in 2015 and 2016 and the Walter Weintraub Award for Clinical Teacher of the Year UMD in 2015. He also was named the Future Leaders Award @ 6th Annual Chair Summit, Tampa Florida. He won the Research Colloquium for Junior Investigators and Resident Research Award APA. He was a Travel Award and Fellowship recipient at the The American Society of Clinical Psychopharmacology, The National Institute of Mental Health & the Zucker-Hillside Hospital Workshop on clinical trials in psychopharmacology, New York City.
